

# The First Eight Days – Day 6

Wednesday 11<sup>th</sup> September 2019

## Habit 6: Synergize

We work and learn together and take pride in our achievements and environment.

Today the children have been completing different tasks to see how when they work together they can achieve more than when they are working alone. Class 6.2 enjoyed working out the name of habit 5!

Year 6 spent the afternoon completing activities involving them working as a team to complete a task. In this game they need everyone to go through the hoop without it touching the ground. They really enjoyed working out the problems.

How well could you describe a picture? From your description your partner will try and draw it! Well the children in Later Years had a great time having a go at this activity. The children really had to develop their communication and listening skills to work well as a team. Miss Thurston and Miss Neal had great fun looking at the drawings and what a terrific job they did!

**Challenge: how to get all their team to the other side of the “river” without touching the water.**

The Y2 children were working in their houses across the year group and had to decide on a good plan and then complete the challenge. Great teamwork and problem solving!
